

8 Things You Can Find on palliAGED

- 1** Access the **Practice Centre** to find practical tips and guidance on best practice in palliative care for older people.
Based on APRAC¹ and COMPAC², palliAGED helps you use evidence in your practice.
- 2** In the **Evidence Centre**, you can find summaries of the evidence for more than 30 key topics.
- 3** Access good quality Australian palliative care medicines information through the single gateway of the **Symptoms and Medicines** pages.
- 4** The section **For the Community** means everyone can be informed.
Let your patients, carers and families know where to find trustworthy information.
- 5** To have the information in your pocket, download the **palliAGEDgp** and **palliAGEDnurse** apps. Find out more in the **Practice Centre**.
- 6** We're not all the same.
Find evidence and resources to support our diversity in the **Specific Needs** pages.
- 7** Learn about the **Research Gaps** in palliative care so that you can plan your research efforts to make a difference.
- 8** The **News Centre** keeps you up to date. Spread the word by ordering resources and following us on twitter @palliAGED.
